If a program or service is scheduled or available only in a location which is inaccessible due to a disability, reasonable steps will be taken to relocate the program or service to an accessible location to afford a qualified individual with a disability an equal opportunity to participate in and enjoy the benefits of the programs and services provided by the District. The person(s) making the request to relocate the program, service or activity must provide advance notification of the inaccessibility and advance request for reasonable steps to be taken must be made.

Primary consideration will be given to the request of a qualified individual with a disability unless another equally effective accommodation is available, or relocation would result in a fundamental alteration of the program, service or activity, or an undue financial or administrative burden.

Notification of inaccessibility and requests for the relocation of programs or services should be directed to;
