

# McDill Winter Playground Expectations

(Reviewed 11-2021)

shutterstock.com • 127858922

## Playground Expectations:

- Students will follow directions of adults on duty
- Snowballs will not be thrown as they often contain ice and rocks
- Shoveled areas will stay clear of snow  
(snow shouldn't be kicked or placed on the blacktop)
- Students will stay clear of icy areas (including equipment)
- Students will respect any fort or snowman built by other students during their recess time
- Continue following all normal playground safety expectations
- Snow hills open unless the cones are out (cones mean the hills are closed)
- Students will wear "The Big 5" in order to participate in "winter" activities

## Sledding Expectations:

- Only school sleds are allowed
- One person on each sled
- Students must be seated on sleds, facing forward  
(Not allowed: head first, standing, kneeling, sliding backwards, running and jumping on sleds)
- Keep arms and legs inside sled to avoid injuries
- Students wait until the hill is clear of people and sleds before going down the hill
- At the bottom of the hill, get off sled *immediately* and walk up to the outside
- Nicely hand sled to the next person waiting in line
- Sleds used during grade level recess (not before/after school)
- Return and stack sleds neatly when finished
